LEARN TO COACH THE SPANISH WAY

BACKGROUND

The RPT was founded and developed in Spain and has now trained more than 50,000 coaches worldwide in the past 25 years. The success of Spanish Tennis over this period of time is unparalleled and it is on this success that the teaching methods and systems of the RPT are based. Spain has not just produced a world-class player "every so often" but consistently over the years and this can only be done if there is a solid coaching programme throughout the country and a system that allows these coaches to develop their own players.

The RPT is integral to this system in Spain, in fact all the private Tennis Academies in Spain use RPT coaches including Sanchez-Casal Academy and the Ferrero Academy, 19 of Spain's top 20 players are trained by RPT coaches including Tony Nadal, coach to Rafael Nadal, Antonio Cascales coach to Juan Carlos Ferrero and Davis Cup Captain Emilio Sanchez- Vicario. With this background and this success it is not surprising that the RPT is the fastest growing coaching organization in the world today.

The **new RPT Level 1 course** is designed to open doors in the career of teaching tennis for coaches who wish to start working full or part time with mini-tennis players and beginners, teachers or coaches who want to improve or expand their knowledge, and for players want to know the basics of teaching and improve their own performance. To participate in the course the minimum age is 16 years old.

The Basic Education System RPT has been completely renovated with a new educational application: **tetafime** which consists of 4 pillars: **physical, technical, tactical, physical and mental**, which have been joined, intertwined and interconnected so that any individual can achieve their **Ideal Performance State**.
